

*The Siren & The Pirate*  
Jewelry for the Adventurer

This is a breakdown of the 2 -2 Weave using 3 base wires.

## 2/2 Weave with 3 base wires

	<p><b>Step 1</b></p> <p>Start by securing the weaving wire by wrapping twice around the first (bottom) wire.</p> <p>This step is only done at the beginning of the weave and will not be repeated in the main pattern.</p>
	<p><b>Step 2</b></p> <p>Wrap twice around base wires 1 &amp; 2 by going between wires 2 &amp; 3 and then down behind 2 &amp; 1</p>
	<p><b>Step 3</b></p> <p>Wrap around wire 2 by taking the wire between base wires 1 &amp; 2 and then up and over base wires 2 &amp; 3.</p>

#### Step 4

Wrap up and over wires 2 & 3, and then down and between wires 1 & 2 and then up and over wire 3. Then bring the weaving wire down the backside of all 3 wires.

This is one rotation of the weave pattern. 2 rotations around wires 1 & 2 and two rotations are wires 2 & 3.

#### Step 5

Repeat the pattern starting with steps 2- 4.
